DEDICATION

To

Miss Mildred L. Lomas,

whose kindly aid and invaluable guidance
have been a source of inspiration to us all,
this book is dedicated.

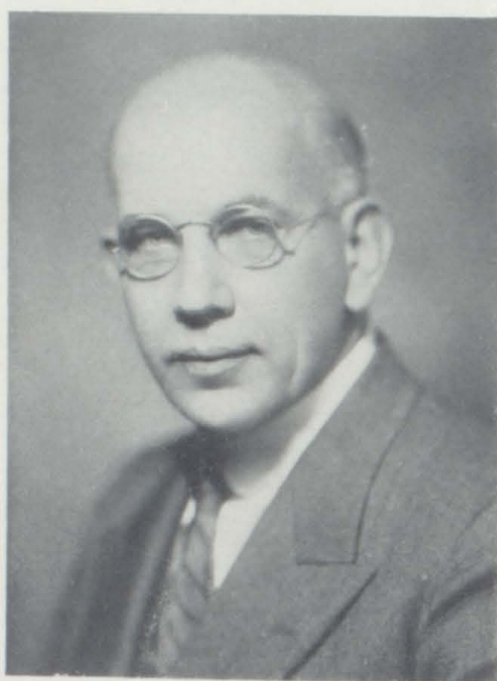

Raymond B. Gurley,

whose thoughtful and energetic leadership
in our most formative years has left a deep
and lasting impression.

Miss Elsa Disbrow,

whose helpful interest and unfailing friendship have aided us immeasurably.

EDITORIAL

In Parting

SCHOOLS and colleges throughout the world come in for their share of belated praise and affection from countless graduates at commencement time. These words, familiar to all, can only be echoed by us, in deeply felt and newly inspired sincerity. Old in form and thought, they seem to us the truest of sentiments as we prepare to take our leave.

Within these ivy covered walls of Barringer, we have experienced the passing of four years of Life. Years of firmly and quickly implanted impressions. Years when the clay of youth is soft and pliable and must be moulded with most delicate fingers. Always under the influence of the time mellowed but inexorable traditions of Barringer, we have broadened in all our conceptions of this Life before us. We have experienced victory and defeat; we have tasted both the good and the bad. But always the subtle, guiding spirit of our Alma Mater has furthered us on our road of progress.

Now all is to be changed. School life, our foundation, is behind us. Before us, the Future stretches out to an ever broadening horizon. But in this swiftly moving, ever changing Future, Barringer shall long be remembered. As we stand on the threshold, we look back and lingeringly salute our Alma Mater!

T. A.

Clubs

THE ACROPOLIS

Editor-in-chiefTHOMAS ALLSOPP, II
 Associate EditorDOROTHEA A. RYAN
 Assistant EditorsFRANK A. CARUSO, GILBERT MOTT
 Faculty AdviserMISS NATALIE R. JONES

THE history of our school magazine can be traced back as far as 1856. At that early date, the paper was called the Annual. The publication contained different types of literature. Each copy was written by hand and recorded in one big book, of which we can rightfully be proud. This periodical existed until 1880.

In 1877 there appeared two rival magazines, the Hesperian Record and the Montagu Round Table, but these were short-lived and disappeared within two years leaving the Annual as the high light once more.

When Newark High School was moved from Washington Street to its present location, there was a general trend for change. The location had been changed; the name of the school was changed to Barringer; and the school paper likewise changed its name to the Acropolis, the first edition being printed in 1899. Ever since that date the Acropolis has been published faithfully, three times a term with the Senior edition as the fourth.

To the present officers and members of the staff of our Acropolis we offer our congratulations for their splendid work; and to the officers and members of the future we desire an equal or even greater success. May the Acropolis carry on with banners flying!

THE NATIONAL HONOR SOCIETY

President	CHARLES HAYES
Vice-President	JANET BROOKS
Secretary	DOROTHY PRICE
Adviser	MR. AMMARELL

THE National Honor Society is one of the outstanding organizations in Barringer. To be elected to this Society is one of the greatest honors a student may receive.

Students are chosen from the first third of the three highest classes. The membership includes fifteen per cent of the 4A's, ten per cent of the 4B's and five per cent of the 3A's.

The basis upon which membership is determined is fourfold: character, scholarship, leadership, and service, all of which are taken into consideration when elections are made. By having these requirements, the society is able to select not only for scholarship but for other achievements as well.

The Honor Society, during this semester, has done its best to be of value to Barringer. It has tried to be an active group, rather than one which receives laurels and then sits back to enjoy them. It is the hope of the society that the future policy will be to continue the good work already begun for the good of our school.

THE MODERN LANGUAGE HONOR GROUP

THE Modern Language Honor Group, which consists of the French, Spanish, Italian, and German clubs, is composed of exceptional students. If a pupil has a rating of A or B in the modern language he is studying and has reached his third year in that study, he is eligible for membership in this group. The key or pin, bearing the emblem of the country whose language these students are studying, is the emblem of distinction. The meetings, called once or twice a week, are devoted to the singing of songs, the reading of dramas and the writing of letters to students in foreign schools. The individual clubs take occasional trips to New York to see plays, operas, and to visit art galleries.

Mrs. Carleu is in charge of the French group; Mr. Zweibel directs the activities of the Spanish students; Miss Lucchina presides over the Italian group and Miss Smith gives her undivided attention to the German students.

THE LATIN CLUB

Consuls	JOHN MELILLO, MARION HEINEMANN
Praetors	EVELYN DI LORENZO, ALICE CRAVEN
Scriba	MURIEL ALBERS
Censor	MARY SUTHERLAND
Quaestor	RUTH BOGERT
Aediles	MILDRED WAGNER, DOROTHY BUCHMAN

WITH Mr. Haulenbeek as adviser, the Latin Club has flourished since its organization in 1925. Its officers bear Roman titles and all its activities are carried out as far as possible in the Roman style. At its meetings, interesting talks on Roman life and literature are given by members of the faculty and by students. At a recent meeting the subject of "The Value of Latin in Chemistry, Physics and Biology" was discussed. The entertainment for the club is provided for by the Aediles. By carrying on its good work, the Latin Club will continue to exist, and to be a valuable asset to Barringer.

Each term the club awards two prizes—one to the person making the best speech at one of the meetings and another to the one receiving the best marks throughout the four year course in Latin.

THE SCIENCE CLUB

President	WILLIAM COMSTOCK
Vice-President	DOROTHY PRICE
Secretary	JANET BROOKS
Program Chairman	CHARLES HAYES
Membership Chairman	THOMAS BERMINGHAM
Adviser	MISS CAROLINE S. ROMER

THE Present Science Club, organized in 1914, has proved itself to be the most popular organization in Barringer, numbering its members in the hundreds and showing an increase each term. It is an outgrowth of the Agassiz Society of Newark High School. This term Miss Romer has acted in the capacity of club adviser.

Each semester a capable committee is chosen which provides a number of interesting programs given both by students of the science classes and by speakers from outside the school. These programs cover a great variety of subjects, including talks on radio, aviation, chemistry, and biology.

The popularity of the club is attested to by the great number of members present in the science lecture room during the monthly meetings.

Each term, the student who has done the best work in physics, biology, or chemistry receives a prize awarded by this organization. In this way the club has done much to advance the cause of science in Barringer and to improve the work of the students in the science classes. The club is to be highly commended for the fine work it is doing in this school.

THE LIBRARY GUILD

President	EVELYN DI LORENZO
Vice-President	MILDRED JOHNS
Secretary	DOROTHY SHARP
Treasurer	RUTH MOEHLER
Adviser	MISS MADELINE DOW

ONE of the most responsible organizations in the school is the Library Guild.

It is unique in Barringer in that it has all the privileges and responsibilities of student government. Only students with excellent records are eligible, and at least three periods a week are required of all members. The Guild members are responsible for the care of the library in the absence of the librarian; learn how to help other students with reference work; and are always more than busy with the general work of the library. Incidentally, the training received has often proved sufficient to secure positions for former students in public libraries.

The Guild has a number of outside social activities. Included in these are the theatre party and the faculty tea held every term. The Guild is a member of the New Jersey School Library Council, thus it comes in contact with other library guilds all over the state.

THE BOYS' LEADERS CLUB

CaptainJOHN HOBBS
 LieutenantsWILLIAM JOYCE, ALFRED FUREDY
 AdviserMR. ROGER B. SAYLOR

ORGANIZED three years ago by its capable adviser, Mr. Saylor, The Boys' Leaders Club has risen in this short time to a position of respect and prominence in Barringer because of the fine service it has rendered the school. The leaders have done much to preserve order in the corridors between classes and have made themselves popular, not by blustering authority, but by quiet leadership.

Only those boys having a good scholastic standing and possessing those qualities of leadership and character necessary for the work that this organization is doing are eligible for membership.

Its fine influence on the character of the school is readily seen in the improvement it has helped to bring about since it has been a factor in the school.

THE GIRLS' LEADERS CLUB

President	BETTY LYNN
Vice-President	LUCIA VILLOCHI
Secretary	DOROTHY MATHEKE
Treasurer	JEAN WALLACE
Adviser	MISS VICTORIA G. BISHOP

THE Girls' Leaders Club of Barringer equals the Honor Society in its high ideals. It is an organization of a certain select group of girls devoted to the task of maintaining the high standards of Barringer: Truth, Honor, and Light. The main purpose of the club is to teach self-responsibility and to show consideration for others.

These girls, whose services have been rendered faithfully, have provided the needy with food and clothing, and have adopted a way to keep the girls' lavatories in a neat sanitary condition. They also have established an information bureau that has proved to be very successful. This club is indeed helpful to the welfare of the school in general, as well as to the students. It is our duty to cooperate with its members who are trying to uphold the standards of our high school.

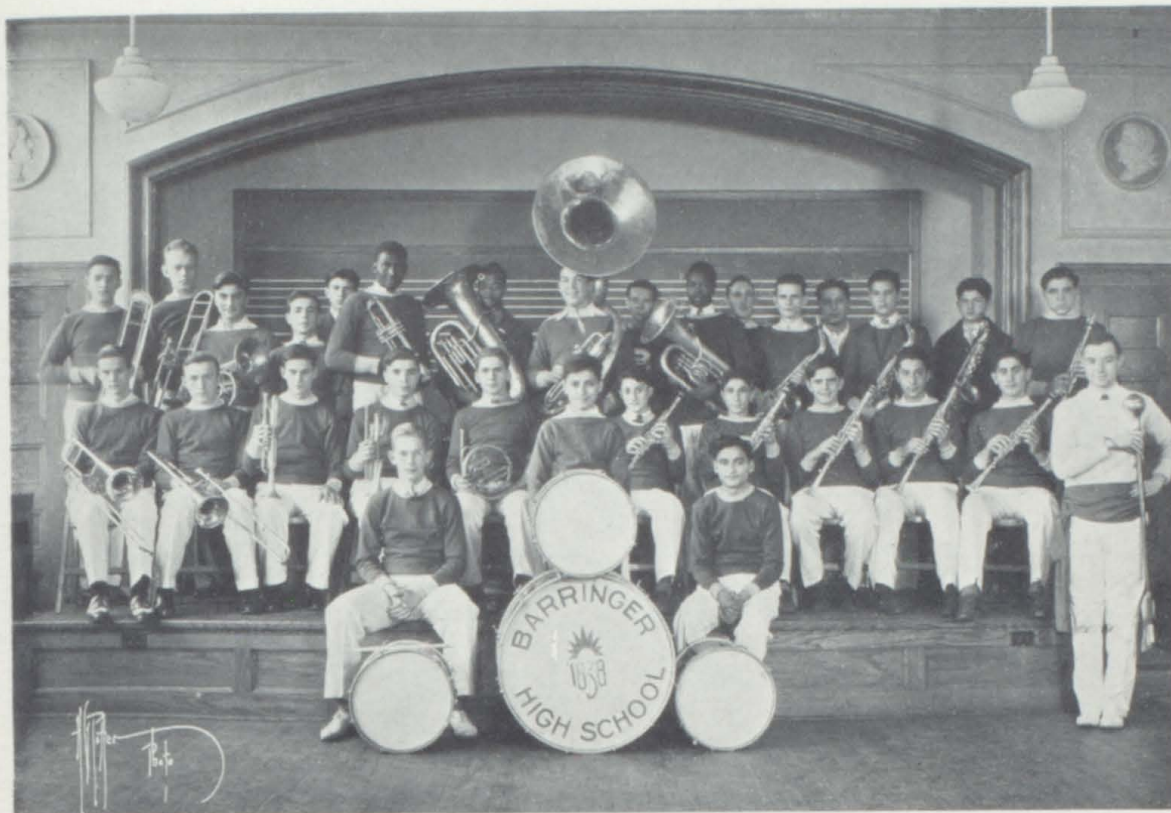

THE CAMERA CLUB

President	ALBERT FERN
Vice-President	FLORENCE HILSEN
Secretary-Treasurer	CHRISTOPHER KELLY
Adviser	MR. BUCHANAN

THE Camera Club is one of the newest extra-curricular activities in Barringer, having been first organized in September, 1933, as the Lens Club by Mr. Finkle who is now at South Side High. This September Mr. Buchanan, who is now acting in the capacity of adviser, reorganized it as the Camera Club.

Its membership is composed of those people in Barringer who are interested in photography as a hobby, and despite the fact that this club is young, it has a number of enthusiastic members. By exchanging ideas with one another the members learn a great deal.

Talks are given during the meetings on different phases of photography, such as lighting, developing, and printing; also one types of cameras and their uses. While here, Mr. Finkle, who is greatly interested in amateur photography, was able to give many interesting talks on it and kindred subjects. The club has had a successful beginning and has an opportunity to render a valuable service to both its members and the school at large.

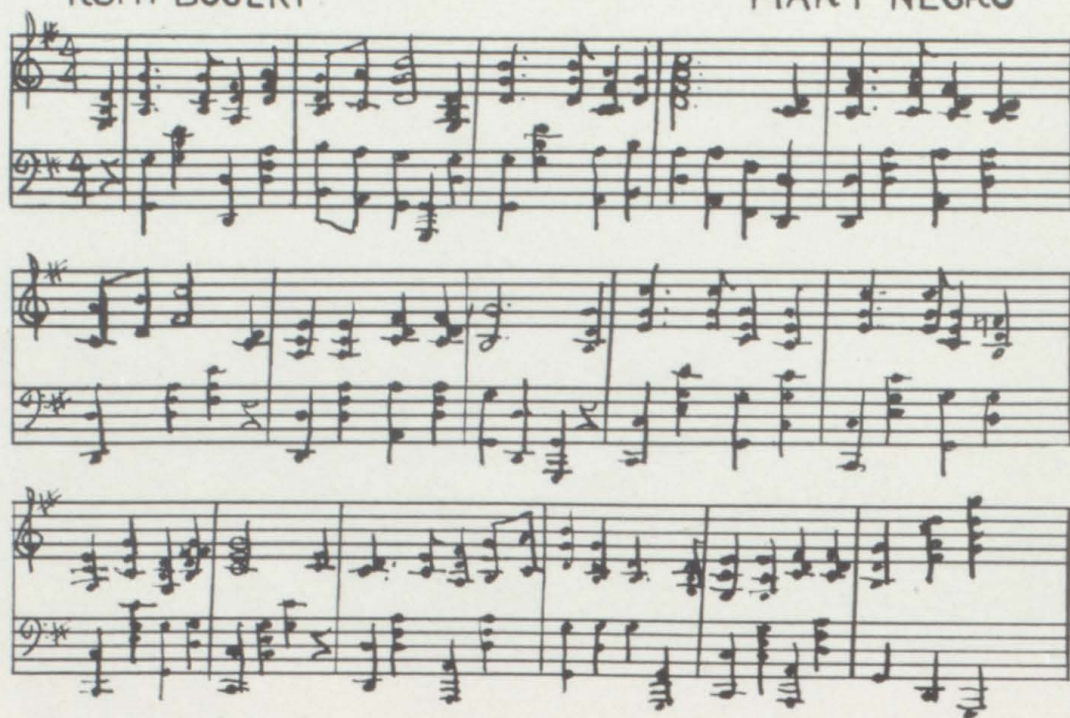

THE BAND

IN 1930 a band was organized under the able supervision of Mrs. Margaret O'Loughlin. At first the band was small but it has grown rapidly and now there are about thirty-seven members who furnish the martial spirit at our football games and assembly periods. The boys practice faithfully and are determined to make it one of the best in the city. It can safely be said that the band is now considered one of the leading musical clubs of the school. Here's wishing them success and may they play on.

CLASS SONG

RUTH BOGERT

MARY NEGRO

We sing with voices lifted
A song of ardent praise,
A song to Alma Mater
To live through coming days.
Ours is the joy of knowing you,
Your love and care our gift;
And so to you in thankfulness
We now our voices lift.

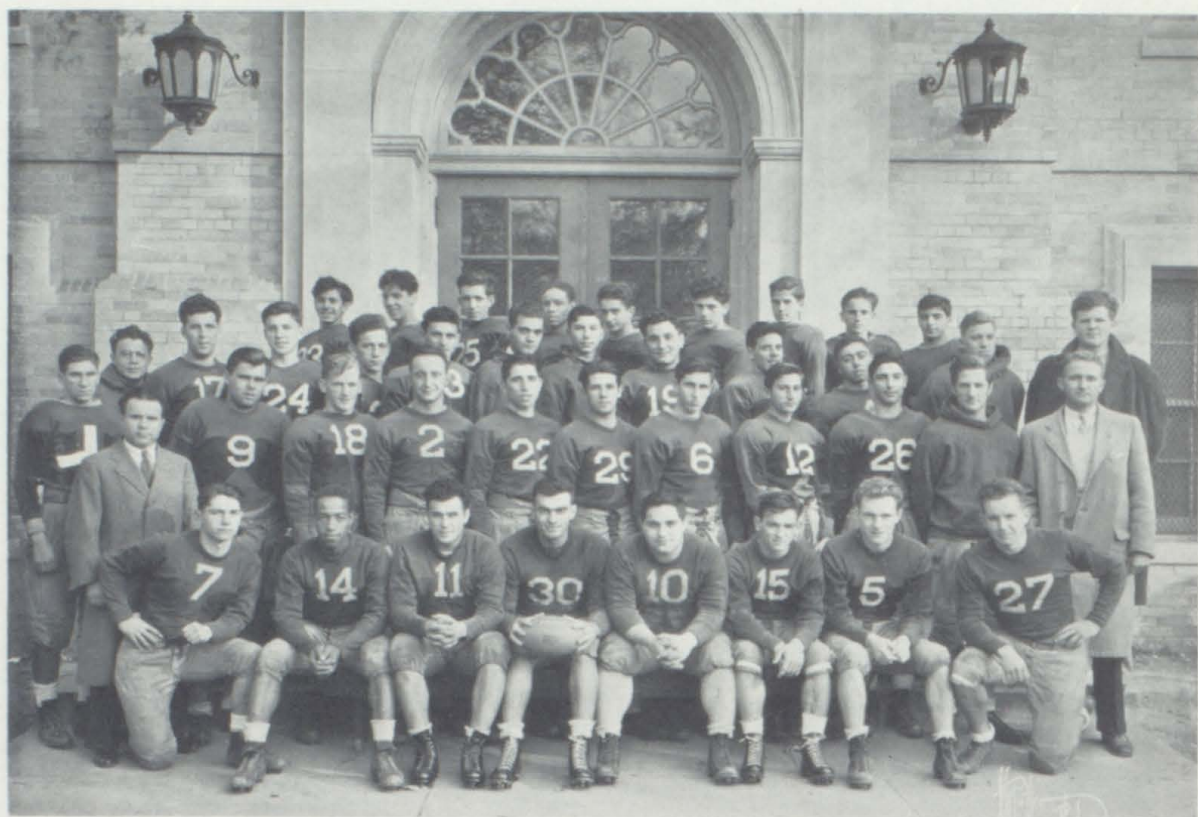

There comes a time to all of us
When we are lost in doubt;
But thanks to you, dear Barringer,
We'll find the right way out.
Our Alma Mater, here's to thee,
Mistaking not the rest,
You are to all your children dear,
Of all fine schools, the best.

RUTH BOGERT.

Athletics

FABRIZIO

FOOTBALL

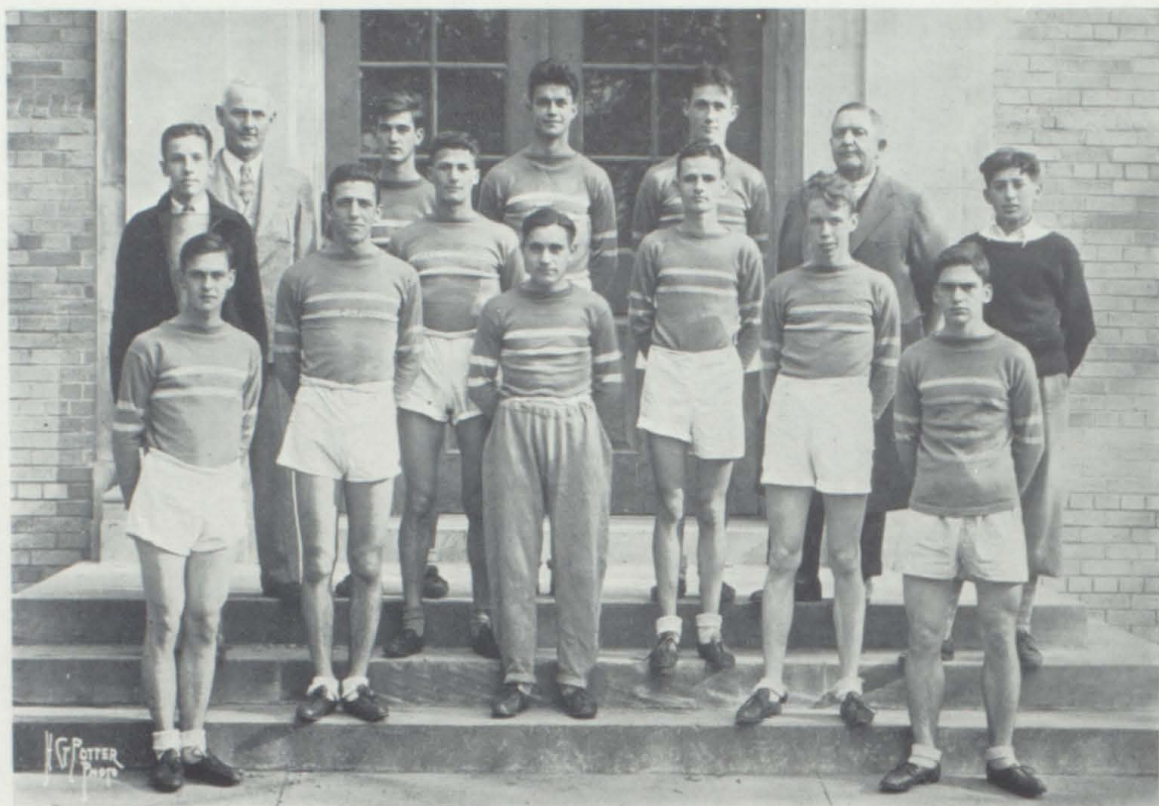

CaptainALBERT MINGUCCI
 ManagerJACK VREELAND
 CoachVICTOR SALERNO
 Faculty AdviserPAUL SANDERS

UNDER the combined leadership of Coach Vic Salerno, Assistant Coach John Bain, and Captain Al Mingucci, the Big Blue grid team has put up a valiant fight for this past season. In many cases taking the field as the underdog, the boys from Ridge Street came through to noble heights. The "Old Fight" gave the stands a thrill in the Paterson Central Game in which Barringer met heavy odds but came out with an even break. Against the West Side Rough Riders, a strong aggregation, the boys in blue put up a stand long to be remembered. The loss by one point was over balanced by the moral victory of equalling everything the City Champions did. Weequahic was taken in stride by a fine exhibition of ball playing. Meeting South Side was a crucial test that proved our boys could battle their way over a fast, deceptive team. Considering the losses from graduation, the team has been fighting on with the holes plugged with some scrappy new players, but experience tells in the long run. With every man pointing for the annual game with East Orange, and with the genuine determination to win, Barringer stands our choice to end the season with the favorite victory for the Big Blue.

THE FRESHMAN FOOTBALL TEAM

WHAT a football team Barringer is going to have in the near future! All the Alumni wonder where it will come from. Ask Mr. Allen! He has charge of the Freshman football team now showing that old Barringer spirit that we are always so glad to see. To prove what they can do, they tied Barringer's second team to a six to six deadlock. Much credit must be given to the coach, Mr. Allen, who has shown his ability as leader of these youngsters. When Coach Salerno begins to mold this material into a polished football team, Barringer will have a contender for the State Championship in football as well as it already has in other fields of sport.

CROSS-COUNTRY

Captain	WILLIAM DAMIANO
Manager	EDWARD SALMON
Coach	ARTHUR V. PAYTON
Faculty Adviser	HARRY G. SNAVELY

A MOST favorable season seems to be confronting the Barringer High School Cross-Country Team this year. The team made a good start by defeating West Side by a score of 17-38. The next competitors met by the Big Blue were the State Champions from Passaic. In a decisive and unexpected way, the Blue Harriers ran them down to the tune of 24-37. Continuing their stride, they made Central the next victim. Barringer entered the State Meet as a favorite, but suffered its first defeat of the season. The team expects to show its worth in the City and National Meets.

The most outstanding runners this year are Captain Damiano, Yard Tarant, De Rogatis, and Von Arx, but enough praise cannot be given to the rest of the boys and to Coach Payton.

HOCKEY

HOCKEY has been carried on in the upper classes this year under the capable supervision of Mrs. Pattyson and in the freshman classes by Miss Decker. The enthusiasm was very evident in the number of girls who reported for practise. Class teams were chosen and captains elected as follows: Betty Lynn, 4A; Audrey Dimm, 4B; Lily Pinneo, 3A; Dorothy Dimm, 3B; Florence Hodes, 2A; and Jetta Scalera, 2B.

After an extensive practise period, the annual interclass games were played, resulting in an overwhelming victory for the 4A's. Outstanding members of the graduating class are Janet Brooks, Viola Carmel, Mary Cela, Annette De Lorenzo, Evelyn Di Lorenzo, Betty Lynn, Angelina Marzulli, Lucille Price, Daisy Stewart, Esther Sweeney, Esther von Lengerke, and Rosalie Scalera.

Selections of representatives to take part in the second annual play day of the North Jersey Scholastic Field Hockey Association resulted in the appointments of Muriel Albers, Mafalda Brasile, Mary Cela, Betty Lynn, Lily Pinneo, Lucille Price, Althea Pascall, Esther Sweeney, and Esther von Lengerke. Barringer is very proud to have two girls on the North Jersey Reserves. Betty Lynn and Esther Sweeney, who are both members of the graduating class, have had this honor bestowed upon them.

Although the Barringer girls do not play games with other schools, an all star team is chosen by the coach. The members of this group receive extra gym points. This year's team has as members: L. W., Lucille Price; L. I., Daisy Stewart; C. F., Viola Carmel; R. I., Betty Lynn; A. W., Janet Brooks; L. H., Muriel Albers; C. H., Esther von Lengerke; R. H., Esther Sweeney; L. F., Mary Cela; R. F., Angelina Marzulli; G., Virginia Smith.

"B" GIRLS

WHEN the new gym building was opened, a new merit system was inaugurated in the girls' gym department. The older method entitled a girl to wear a cord upon receiving a term mark of A or B and the posture rating of A for two consecutive terms. If a girl earned a cord for each of her four years in school, she was entitled to a gold tassel, which was attached to her senior cord.

The present system is founded on a basis of points gained. Points are awarded for attendance, posture, cooperation, punctuality, preparation and sports. The honors are the chevrons, the stars, and the letter "B", respectively. A "B" is the highest gym award obtainable by a Barringer girl. The following members of the graduating class are entitled to wear the letter: Olive Black, Janet Brooks, Harriet Chamberlain, Viola Carmel, Anna Castellano, Isabel Conte, Margaret Decker, Evelyn Di Lorenzo, Flora Gizzi, Mildred Hatch, Gladys Lockwood, Betty Lynn, Gabrielle Matalene, Dorothy Matheke, Marie McCauley, Helen Pellechia, Dorothy Price, Lucille Price, Jeanette Salerno, and Camilla Scott.

"B" MEN**Joseph Albano**

Joseph Albano was assistant manager of the excellent 1932 and 1933 track teams. For his tireless efforts he was awarded a minor B. In 1934, because of his ability, he was chosen manager by the track team. Under his steady guidance the team went through a very successful season winning the City Indoor and Outdoor Championships and also the championship of the state of New Jersey. For his diligence he was awarded a wreath B and also a gold track shoe. In the graduation of 1935 Barringer will lose one of the best track managers in its history.

Thomas Allsopp

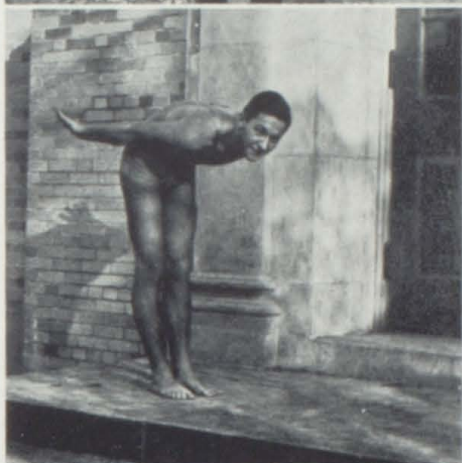

Tom first donned a Barringer suit in his sophomore year, and succeeded in earning a major letter. Swimming the 200 yard free style and relay in '33, he managed to come out on top in both, establishing a city record in the 160 yard relay. The next year saw him elected captain by his teammates, and to prove himself worthy of this honor he broke through in the City Meet to make a record in the 200 yard free style and medley relay. Tom leaves Barringer with two of the highest awards, wreath letters.

Rocco D'Alessio

D'Alessio first went out for baseball in '34, since he had just entered the school. Immediately his ability to play sterling ball was revealed. The coach noticed this newcomer's accuracy in making plays and gave him a berth on the varsity team. Evidently the reason that Barringer's team was so strong this year was because of the fine spirit D'Alessio and his teammates evinced. For his most strenuous efforts he received the much coveted "B". Barringer really regrets the departure of such a capable boy.

William Damiano

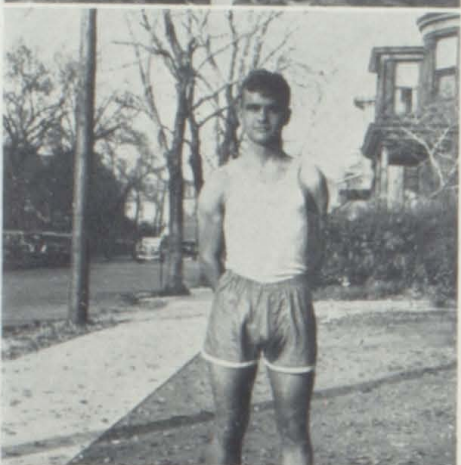

In 1932, "Willie", as he was known to his teammates, went out for track. Like the rest who wished to receive the coveted "B" he had little or no success at first. Still he plugged away and in 1933 he earned himself a "B 2" for having placed fourth in the mile of the City Championships. He soon learned that this was his distance and in '34 he came back strong as a leading "miler", placing consistently in his specialty. Thus he received a "Wreath B" and also a gold track shoe, the highest award attainable.

Norman Eskdale

Norman excelled in two sports while in Barringer—football and track. For his determination he was admired by his teammates. When he started in both these sports he had little or no success. In '32 and '33 he learned the fundamentals of football, while in track he struggled as only true Barringerites do. For his work in track he received a minor "B". Then came Eskdale's good fortune. In '34 he gained a berth on a well coached team. His ability to handle a football not only earned him much glory but also a major "B". His graduation leaves a hole in the team which will be hard to fill.

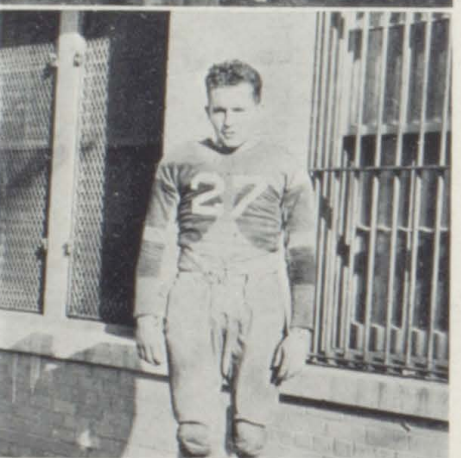

Alfred Furedy

When "Al" first came out for track in 1931, he was a little handicapped in his favorite events. Incidentally, they were the shot put and other weights. Like all true Barringerites, Furedy did not quit because he did not gain immediate success; he stuck to his assignment. It became a common thing around school to see "Al" taking home the shot put. He actually ate and slept with the weights on his mind. In '32, signs of results began to appear. That year he received a minor "B" for his determination. The following year Furedy was called away from school. Evidently he practiced during his absence because this year he became one of the selected group on the track team. "Al" has in his possession for his accomplishments a nice brand new wreath "B".

William Gorski

"Stretch" started his career in football in the fall of 1932. Learning the fundamentals quickly, he was soon given a chance with the second team. Playing a line position, he gained much experience which was aptly used the following year. The big year was 1933 when he was assigned end position with the varsity. For his excellent work, Barringer awarded him a major "B".

George Irwin

George is an excellent example of grit and perseverance. For four years he struggled hard to gain his major "B". His grim determination to make good earned for him the admiration and respect of his teammates. This year he found an ace in his specialties, javelin throwing and hurdling. He placed second in the low hurdles and third in the javelin throw in the City Championships. In the Montclair Invitation Meet he placed third in the javelin throw and to top it all he was crowned the State Champion of the javelin throw. For these accomplishments George received a major "B" and a wreath "B" along with a gold track shoe.

Vincent Martinelli

Vincent Martinelli went out for fencing in February 1932. He learned the fundamentals but did not participate in any bouts as the trio Cetrulo, Boutsikaris, Viscidi were more experienced and better groomed for stiff competition. However, he was appointed by Captain Cetrulo to Captain the beginners. At the end of the year he was awarded a minor "B" for his efforts. In 1933 he entered competition and emerged victorious in four out of five bouts. For this fine showing he was allowed to enter the New Jersey Interscholastic Fencing Tournament. He placed ninth in a well classified field of fencers, thereby gaining the recognition of being a fine fencer. At the close of the season he was awarded a major "B".

George Polk

Ever since 1932 when he first went out for track, George has been one of our most consistent point scorers. In his freshman year he was a member of a swimming team in the North Jersey Championships; that same year he won the junior low hurdles in the City Championships. In '33, with the help of his coach, he discovered a specialty, the "440". In this event he was a consistent score. In '34 he was a member of a distinguished team that gained honors at the Penn Relays. That year in the City Championships he was a double winner in the broad jump and the "440"; in which he tied the record. For these accomplishments he received three major "B's", two Wreath "B's" and two gold track shoes, the highest athletic award in Barringer.

Robert Schmitt

"Smitty" began his athletic career as a varsity backstroke. Going to the State Meet, he succeeded in taking third place in his event. Continuing his fine style, he broke the city backstroke record. Swimming backstroke and medley relay in '34, he showed his true form by eclipsing his record in the backstroke and establishing a new record in the medley. Barringer proudly presented him with two wreath and two major letters, the latter attained by playing varsity tackle.

William Telfer

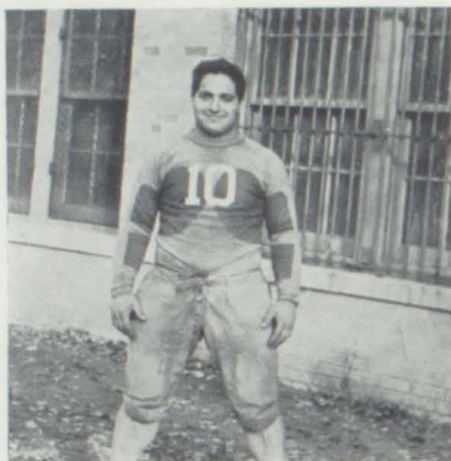

Bill, one of the many "letter men" to graduate, started his athletic career in Barringer by going out for baseball and football in '33. That year Barringer did not organize a playing team in baseball which competed in the interscholastic league but held intramural games instead. Under the coaching of Mr. Stammelman, Telfer showed his ability to play a bang up game in the outfield. The following year a team representing Barringer was organized under Mr. Allen. Bill went out for the team and made good. Incidentally, this team played in the greater Newark championship game. For his faithful services, Telfer was awarded a major "B".

Ernest Van Houten

Diving is Ernie's real specialty on the swimming team. After trying free style in his first year and attaining little success he turned to diving. Having learned the fundamentals, he was soon ready for hard work the next year. In the hard City Meet of that year, he showed the fruit of his labor by placing third in the diving events, thus helping the team to victory. Ernie leaves Barringer with a coveted B.

Armando Ventola

In his freshman year, Ventola went out for track and was fortunate enough to win a minor "B". In the fall of 1931, Ventola became enthusiastic about football. He had much success for his unusual playing and he was awarded the much coveted major "B". From that year until this "Burst" has proved to be one of the mainstays of the Barringer line. In 1933, for his leadership he was made Captain of the "Big Blue" but unfortunately had to leave school for a time. To prove that you can't keep a good man down, he came back this year to be a star on the team. As a result Ventola has received three major "B's"; and he will leave in Barringer the memory of a fine athlete.

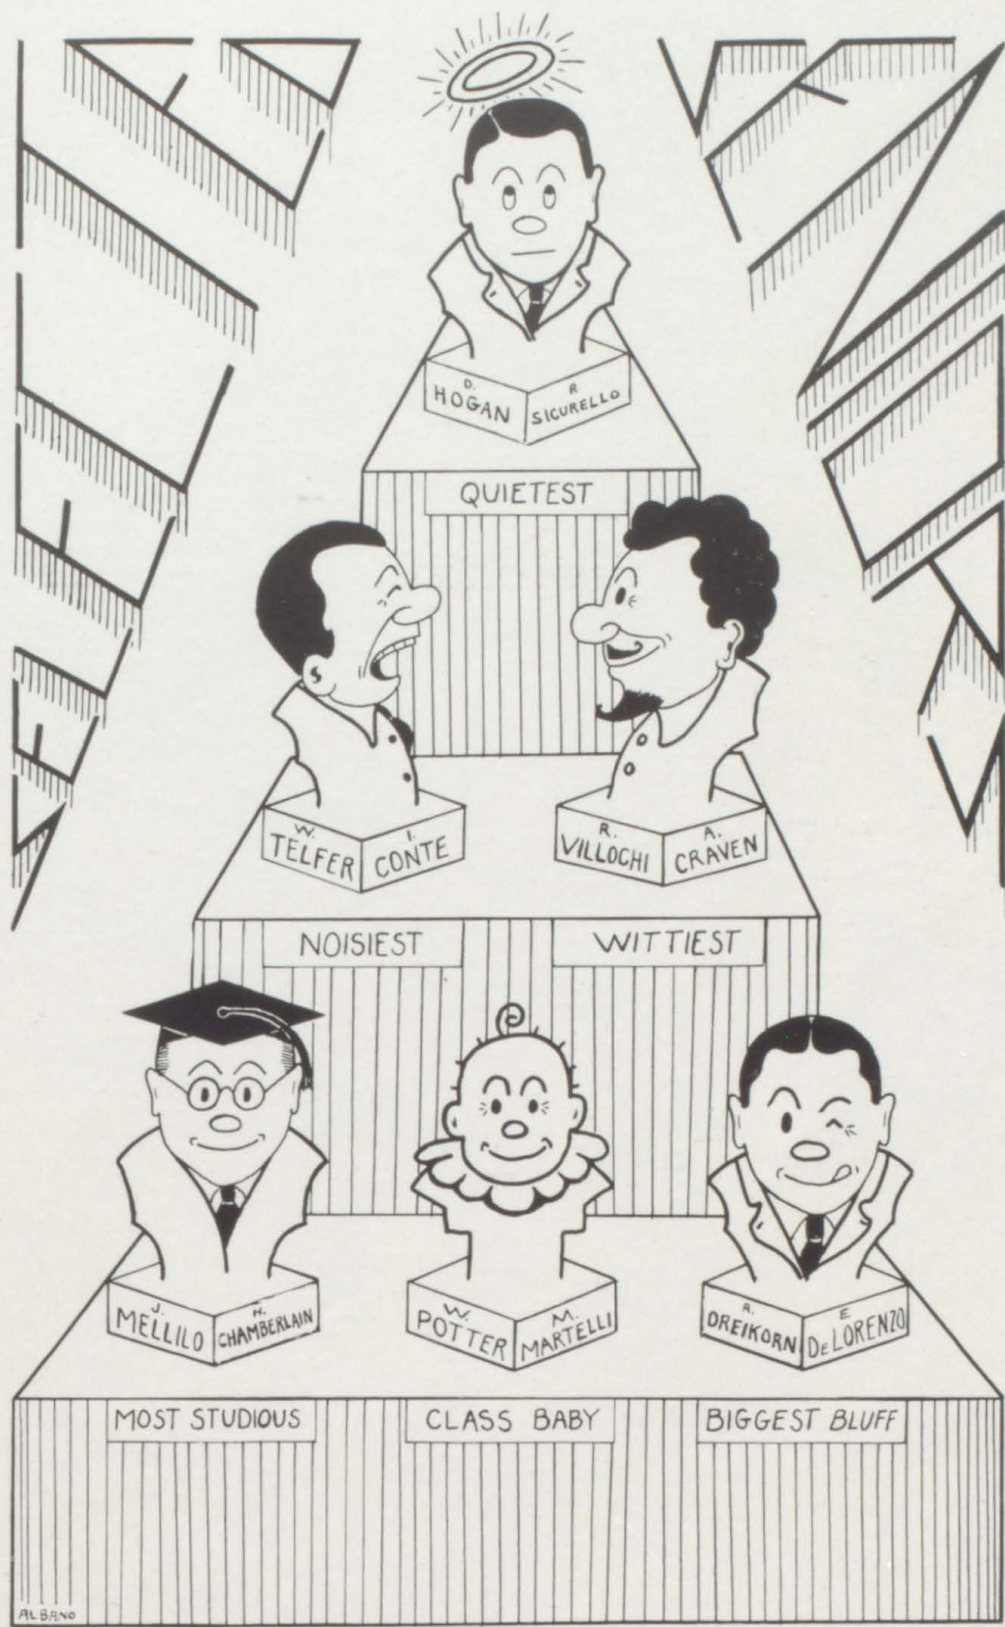

THE GREATEST OF THEM ALL

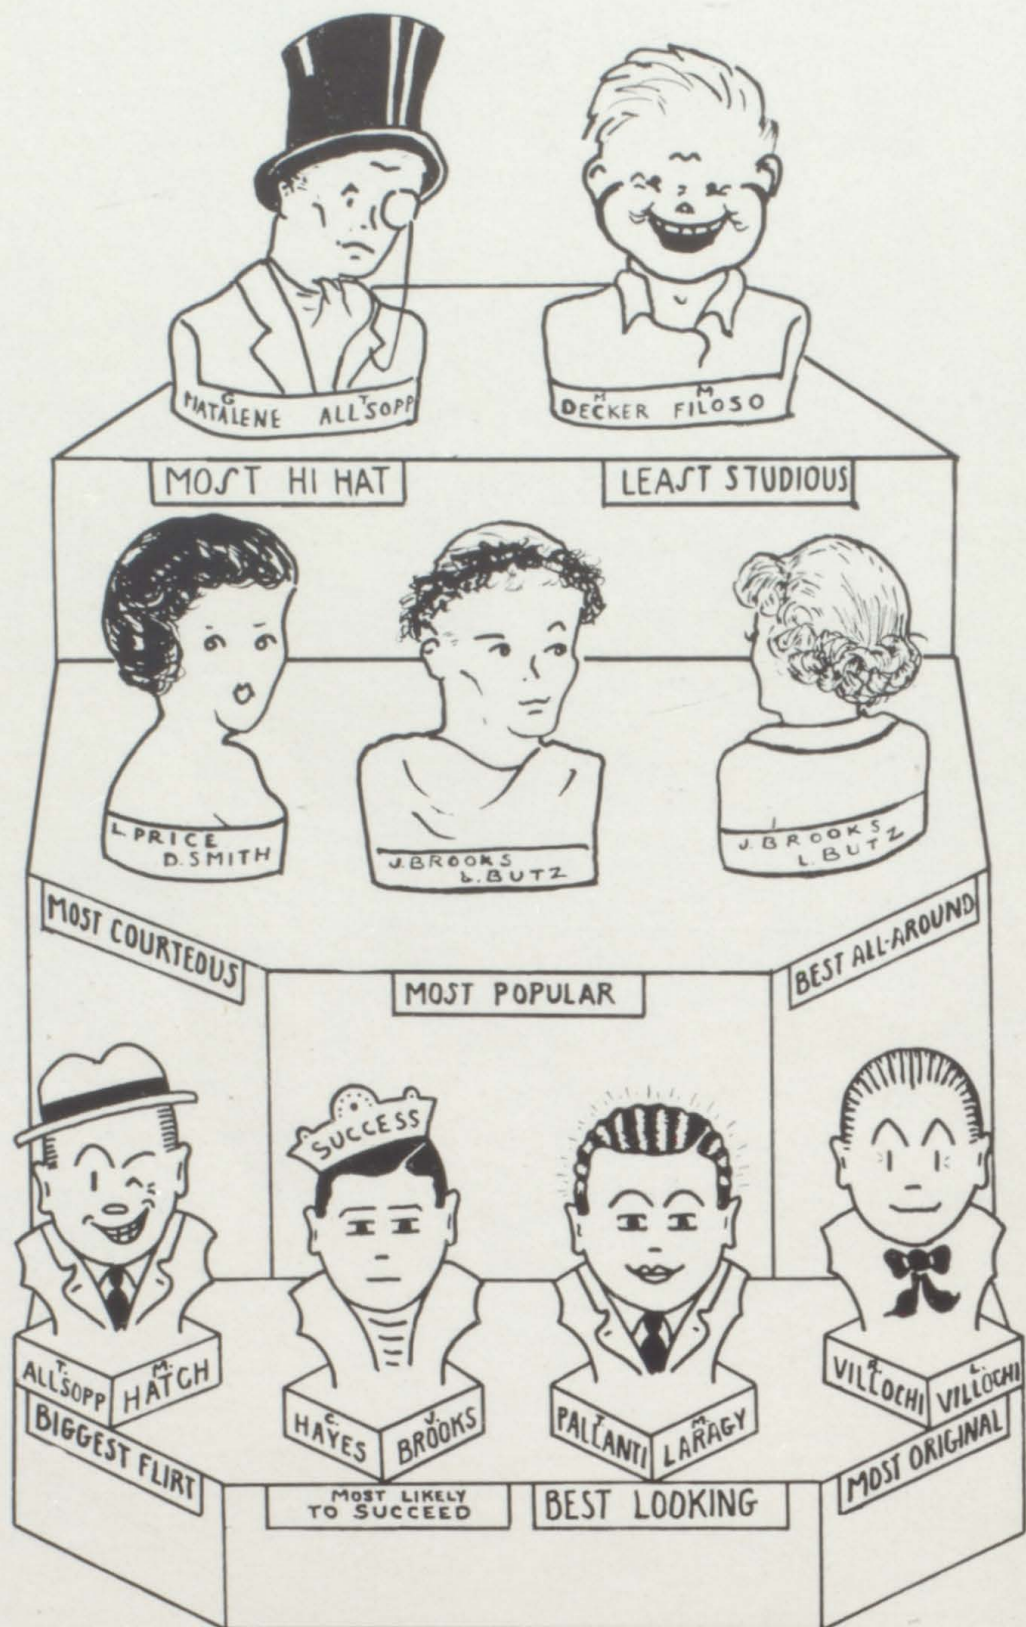

THIS building, the greatest of them all, rises upon a hill like a growth of nature; secure, commanding, imperturbable, mantled with ivy, a school of the olden time, called Barringer.

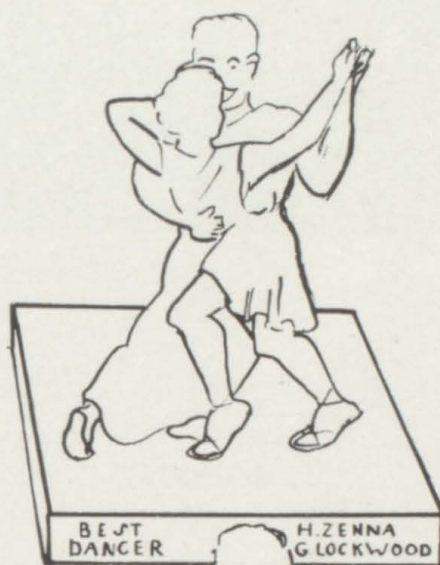

Below it, the playground of the Barringerites, Branch Brook Park, clings to the hillside and creeps up close to the school grounds, separated from it only by the noisy, busy street.

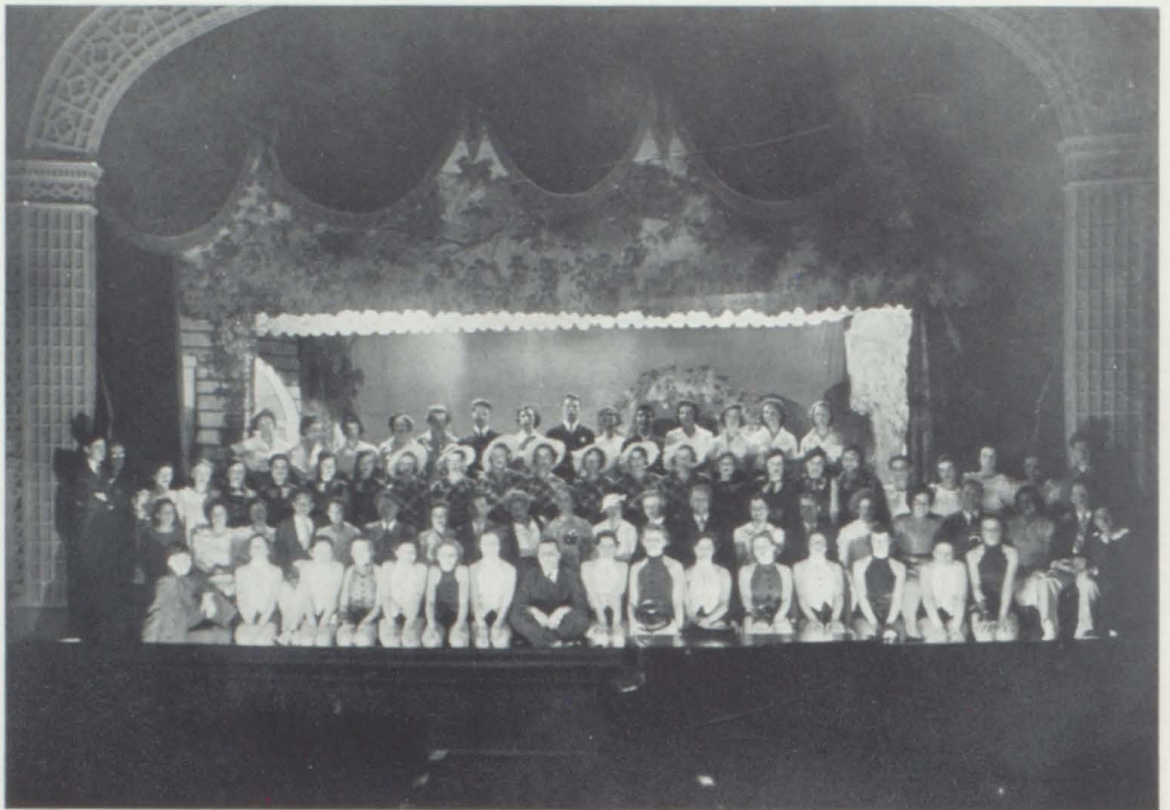

For many a day Barringer has been a rendezvous for students eager both to work and to play. Hungry for achievement, they congregate in the class rooms of this great school. As a hen gathers her chickens beneath her wings to defend them from a wandering hawk, so does Barringer gather her brood under her great wings to teach them to prepare themselves to meet the complex problems of our modern world.

For nearly one hundred years Barringer has been a landmark in Newark and has served its purpose well. It has armed thousands of students with intellectual weapons and has turned them loose to face the battles of this world. Now that we, the graduating class of January 1935, have been taught the fundamentals of this battle of life, we leave Barringer reluctantly, knowing that it stands fearlessly facing the sun, shielded by its invulnerable armor of Truth, Honor and Light.

The following is a "look-in" at the returns of a vocabulary test in Mr. S.'s 4A English class:

Word	true definition	definition adhered to by Barringerites
nuts	the opposite of bolts	expression of ardent disgust
chisel	to cut with a sharp tool	to gyp or muscle in
pie wagon	wagon or truck used for carrying pies	vehicle used to transport criminals
flunk	Intr.—to fail in a recitation	Trans.—to cause to fail.
copper	a penny	a policeman
Dick	nickname for Richard	" "
bull	a ruminant quadruped	" "
flatfoot	a pedal extremity in which the arch has fallen	" "
H-----	hades	ejaculation
raspberries	a fruit	the Bronx cheer
solid	a substance or body not liquid or gaseous	a subject in which two or more planes combine to confuse the student
crib	a child's bed with inclosed sides	to use an illicit translation
spontaneous combustion	ignition of a substance from the rapid oxidation of its own constituents without the application of heat from an external source	that which is likely to happen when the Latin teacher finds a pony hidden in a student's book during recitation
sap	the vital circulating fluid of a plant	we have them, too, but we don't think they are vital
broad	large, wide, thick	doll, skirt, dame, frail, babe, femme, moll
money	a medium of exchange	kush, kale, cash, spondulix, potatoes, dough, do-re-mi, samolians, mazuma
sponge	a submarine growth	to live on some one else
ten dollars	-----	sawbuck
dollars	-----	iron men, bucks
five dollars	-----	fin
quarter	-----	two bits
pineapple	tropical fruit	explosive missile
lousy	invested with lice	just the same, rotten
rats	a specie of rodent	expression of disgust

Question	Answer Mr. Stevens	Mr. Saylor
What do you think of the 4A Class?	That and that	It has been an interesting and unusual class to work with.
Do you believe life begins at forty?	8:40	No—every age is life to me
Have you any hobbies?	Yes—Teaching	Lots of them
Why did you take up teaching?	I never did like to work	I think it's lots of fun
Do you like Mae West?	Swell-ed	No
Why are the freshmen getting smaller?	Because 4A's are getting bigger	They are not
What do you think of crooners?	Whiners-penalty—death by slow torture	I prefer classical music
What is your favorite mark?	The German Mark	The one the person deserves
How you spend your evenings?	Trying to forget the mornings	Trying to find a minute when I have nothing to do
What do you think of the present generation?	Same as all the others	I have a great deal of faith in them
Can you correct papers and listen to the radio at the same time?	That's the only way I can correct them	Not very well
What is your favorite dish?	A plate	Eats
Do you read the comic strips?	Are there any? Outside of the 4A Compositions	Very seldom. Many more interesting and worth while things to read
What is the last thing you do before retiring?	Pray for the 4A's	Brush my teeth
What do you think of this interview?	Nice girl	A lot of baloney

Question

Answer

Miss Beebe

Mr. Townsend

What do you think of the
4A Class?

They are pretty nice but
I don't think they
study hard enough

This is obviously the
best class that will
graduate from Barrin-
ger in Jan. 1935

Do you believe life be-
gins at forty?

How do you know I'm
forty?

Be patient, children

Have you any hobbies?

Traveling, driving, col-
lecting stamps

Gardening

Why did you take up
teaching?

Disappointed in love

To be with such delight-
ful companions as the
4A Class

Do you like Mae West?

I think she's just Mae
West

I never met the lady

Why are the freshmen
getting smaller?

Present senior class got
most of their brains—
weren't any left for
freshmen

Depression

What do you think of
crooners?

Awful

They might be enoyed
outside of school

What is your favorite
mark?

A

X

How you spend your
evenings?

That would be telling

Work and play

What do you think of the
present generation?

No worse than past gen-
erations

Quite motor and movie
minded

Can you correct papers
and listen to the radio
at the same time?

Absolutely

Not unless they're writ-
ten by a certain type
of pupil

What is your favorite
dish?

Chocolate souffle

Pie

Do you read the comic
strips?

Not if I can help it

Seldom

What is the last thing
you do before retiring?

Open the window

Put out the light

What do you think of
this interview?

Best I've ever had

Great honor

4A CLASS HISTORY

ON February 1, 1931, the 1A's of Barringer High School noticed in their midst the appearance of still newer faces, seemingly eager for knowledge, belonging to the graduation class of January, 1935. We were naturally unacquainted with the building, and upon asking our none too helpful upper classmates to guide us to our lost rooms and teachers, we were told to walk around yonder corner and take the elevator. However, we did not mind their tricks so much; for, as time went by, we saw the joke and determined to take vengeance upon incoming future freshies.

For one whole year we were forced to put up with the fun-loving upper classmen. Our sophomore year, though uneventful, found us getting adjusted to high school life. The fear and uncertainty we had experienced as freshmen was giving way to confidence and assurance, and sometimes officiousness, for now we were sophomores.

Before we knew it, we entered our junior year. With ears erect like police dogs we finally heard that there was to be a general organization meeting of the 3B's, our class, in the school auditorium on May 10, 1933. As a result of the elections, Alfred Mattia was elected president; Helen Pellechia, vice-president; Marian Bachellor, secretary; and Tom Bermingham, treasurer. In the 3A term Walter Snyder replaced Mattia as president; Helen Pellechia was re-elected vice-president; Camilla Scott replaced Marian Bachellor as secretary; and Tom Bermingham was re-elected treasurer. The 4B term saw Camilla Scott giving place to Norman Eskdale as secretary, this being the only change in the executive staff. The senior A officers were Walter Snyder, president, who, once he had secured the presidency, clung tenaciously to that office; Janet Brooks, who always had run close to her predecessor, became vice-president; Betty Lynn replaced Norman Eskdale as secretary and Tom Bermingham who was re-elected unanimously as treasurer.

Every high school student looks forward to social activities. Ours began two weeks after our first organization meeting with a little social in the lunchroom. This was to get the members of the class better acquainted. Due to its free admission and to the abundance of refreshments served, more class members attended this than any other social activity sponsored by our class. Our first money making attempt was a Hallowe'en social on October 27, 1933. Fortune answered our fervent prayers and the affair was a success both socially and financially. This was followed on Friday, April 13th, of the next year by a successful Lucky Day dance. Splendid as were these performances, they were as nothing compared to our next undertaking. "Pattie," a musical comedy the like of which had not been seen in Barringer for some fifteen years, was presented in the auditorium on the evenings of May 18th and 19th. It was a brilliant affair, and many participating classmates crowned themselves with glory.

In June of '34 our class gave a reception to the graduating class. When it was over we felt that at last we could be called 4A's. Fortune was true to us to the end for in October, the Football dance was as well attended as the

others had been. These entertainments all contributed toward our year book financially secure.

If those 1A's of 1931 were now present at Barringer, they would recognize with difficulty the faces of one hundred-sixty-five Seniors they saw entering as Freshmen that cold February afternoon. Yes, strange as it seems, but one hundred-sixty-five of the freshies enrolled in February, 1931, have survived the tempestuous storm of four years' hard study and responsibility. These factors, we know, will enable us to go on to greater things.

A GLIMPSE INTO THE FUTURE: BARRINGER IN 1945

Why, look what's here!—those long sought for elevators which the freshies searched for so enthusiastically in the good old days when we were upper classmen.

A stampede of Barringerites getting off the old Clifton Toonerville now operated by a Diesel engine.

Various members of the year-book board looking over our year book for new and original ideas.

And here is our old friend Henry Zenna, back for a P. G. Still here!

The favorite haunts of the cutters still are the confectionery stores around Barringer (Particularly the one on Park Avenue).

To the football game—Barringer vs. Central—A Boy selling something—let's listen—"Microscopes \$.10—see the players plainly and clearly".

A new carload of freshies is shipped to Barringer in the Trans-scholastic Airway.

That "Old Gold" phrase, "not a cough in a carload," slightly altered by the teachers so that it reads "Not a good one out of the bunch" fits them perfectly.

Seniors still trying to crash the good old 3A socials held for the 3A's exclusively.

The person who reminds the teacher to assign homework	
A Needle in a Haystack	Whoever has done his Trig. homework
I'm Counting on You	Crib notes in Exams
Too Beautiful for Words	An unexpected A
Happiness Ahead	Waiting for 12:50 to come
Absent Minded	Reporting to study on a gym day
What a Difference a Day Made	The day you cut school
Blue Sky Avenue	Parker Street going TOWARD Park Avenue
Nobody Knows How Dry I Am	Mr. Dann
If I had a Million Dollars	I'd give Barringer an escalator
I Ain't Gonna Sin No More.....	What they all say when caught cutting school
Learning	Well, that's what some people call it
Dust on the Moon	If you look out a window at school
Tell Me I'm Wrong	Any teacher will, so why should we
Let's Take A Walk Around the Block—	

Mr. Saylor's occupation during freshman homeroom period

PleaseAsking for a re-exam.
ThanksAfter obtaining it

VERSE AND WORSE

There is a spry teacher in seventy-six
Who clamors for silence to hear herself think;
Her students respond and are quiet a spell,
But begin soon again until hush'd by the bell.

* * *

There is a Young Pi'nist in Barringer High,
Who rather would play than eat pineapple pie;
He loves his piano e'en more than cheese cake,
But at mother's insistence a bite he must take.

* * *

We argue and argue in history class
About bus'ness and finance and soldiers' demands;
We argue so much, and yet when we pass,
Not a single debater's opinion's changed hands.

* * *

Four years' fun on the Toonerville trolley we've had,
As it clang'd and it chugg'd and it rumbled like mad
On its way to and from our beloved high school
In the summer and winter and autumn so cool.
To leave now the Toonerville trolley is sad.

We do the things we shouldn't,
The things we should we don't,
The things we can we shan't,
The things we will we can't.

You certainly must be a marvellous man
To get an A from Mr. Dann.

When it's time for the honor roll call,
The number of names is very small.

This is old and rather quaint,
But still we doubt the sign "Wet Paint".

Next Year's freshmen we sincerely hope
Can be seen with the aid of a microscope.

It's quite a task for even the strong
To listen to Mr. Dann's jokes for long.

If Mr. Snavelly says "you're sunk",
Then you're sure you cannot flunk.

In these depression days
The teachers certainly hoard their A's.

Who will ever get a failure
From the grand and wonderful Saylor?

And if you freshmen seek the third floor,
Take the red elevator with the green door.

There is never sadness or gloom
In Mr. Sibilia's cheerful room.

When things look bad just call
One of the leaders in the hall.

Mr. Hartman is hard to elude,
When he is in his detective-like mood!

We wish to thank the undergraduates represented in this list, who helped in the production of "Pattie."

SCHOOL AND COLLEGE PRINTERS

CHARACTERISTICALLY DIFFERENT!

From the earliest days when man first recorded his impressions by arduous carving in stone, the inherent faculty of true craftsmanship manifested itself. Among the relics of the early stone carvers can be found outstanding examples of characteristic difference—distinctive ability that was the forerunner for the artist and the craftsman of today. ¶ And just as primitive recordings in stone show varying degrees of superiority, so does a Colyer-produced Annual stand out distinctive of the full possibilities of the highly-developed graphic arts of today.
